

19.11.21

Dear Parents and Carers

### COVID19 Information

I am writing to notify you of two confirmed cases of coronavirus in school. Please read the following guidance carefully. Further information will be sent to parents before the end of school today.

If your child is well, you do not need any specific treatment, or to change what you are doing. However, like anybody else during this current situation, you are being asked to monitor your own health, looking out for any symptoms such as cough or fever.

#### What symptoms should I be concerned about?

You should look for any of the following symptoms:

- New continuous cough
- Fever (a temperature of 37.8°C or higher)
- Loss of, or change in, normal sense of taste or smell (anosmia)

#### If your child develops these symptoms, however mild, at any point

You can arrange for your child to be tested via <https://www.nhs.uk/> or by contacting NHS 119 via telephone if you do not have internet access.

Your child would need to self-isolate for 10 days since the date of onset of symptoms, and all their household contacts for 14 days, if the test is positive.

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

#### If you need to seek medical advice

Seek prompt medical attention if your illness is worsening. If it is not an emergency, contact **NHS 111 online**.

If you have no internet access, you should call NHS 111.

If it is an emergency and you need to call an ambulance, dial 999 and inform the call handler or operator that you have coronavirus (COVID-19).

Please keep in close contact with the school as well.

Yours faithfully,

Mrs Alison Carter  
Headteacher
